Help! I'm in a chocolate coma!

Seriously. After scoffing down more than my share of a 50cm-high chocolate bunny, 3kg of mini eggs, Easter melting muffins (thanks Josie!) and paleo hot cross buns (thanks Ally!), I'm officially done with the sweet treats.

If, like me and a few of my NW colleagues, you've overindulged a little over the long weekend and aren't ready to let things go for the winter, we've got plenty of diet tips to keep the kilos at bay.

And if you're after some inspo, it doesn't get much better than our sexy cover gal Sam Frost.

Sam's been to relationship hell and back after her Bachie rollercoaster ride. What we didn't know was that the blonde babe was secretly beating herself up over the 12kg she gained while in the *Bachelor* mansion.

Now stronger, happier and healthier than ever, Sam talks openly with NW about her body battles, boys and finding new love. And trust us, this chick is just as cool as she seems!

92% of children in foster care are below the average reading level at age 7

TRUE CASE STORIES OF CHILDREN NOW IN CARE

- A boy, aged three, who didn't know his own name, had never slept in a bed, but under a chair where it was safe, and was only fed occasionally.
- A four-year-old who was the sole carer for her one-year-old brother.
- Four young siblings locked out and forced to sleep under the house, who ate dog food when they were hungry.
- Two sisters who had to drink from the gutter when they were thirsty.
- A 14 year old who had a total meltdown on Christmas day when receiving a present as she never celebrated Christmas before and had never received a gift.

75% of children in care do not complete schooling

50% of the homeless come from a care background

HOW WE HELP

- Over 1000 Pyjama Angels volunteer each week
- Over 1300 children each week are supported throughout Queensland, parts of Sydney and Melbourne
- 90% of foster carers with children in the Love Of Learning program have seen the child's literacy skills improve

Help us change these children's lives

The Pyjama Foundation need vital funds to continue to transform children's lives, a donation of \$50 can give a child an Angel. There are many ways you can become involved through fundraising and direct donations. Visit thepyjamafoundation.com to see how you can help.

Who is the Pyjama Foundation?

Alarmed at the poor literacy and numeracy levels of children in care – they have the lowest educational outcomes nationally – and how this leads to a lifetime of disadvantage, Bronwyn Sheehan founded The Pyjama Foundation in 2004, to make a positive impact on the lives of our community's most vulnerable children. Through the Love Of Learning program, volunteers called Pyjama

Angels are matched with a child in care and spend time with them once a week, every week, focusing on learning-based activities. The Angels read books aloud with their child, play educational games and help with the child's homework. By improving the child's learning skills, The Pyjama Foundation is making a positive, life-long impact on their futures.

The shock picture proof!

Kylie's turning into Kim!

The reality star is going under the knife *again*!

They say imitation is the sincerest form of flattery, but this is getting out of hand!

Kylie Jenner's obsession with looking like big sister Kim Kardashian has reached *Single White Female* levels following reports the image-conscious 17-year-old is planning even more cosmetic surgery to become a karbon kopy of her kurvy sibling.

As well as reportedly having had a boob job to create eye-popping Kim-sized cleavage, Kylie is said to have already dropped \$50,000 on procedures like Botox, lip fillers, cellulite blasting and facials to look like her idol.

Unsatisfied with the results so far, Kylie's also decided to go for a nose job and a full facelift as soon as she turns 18 in August – but we think she's made her point already.

Even famed US plastic surgeon Dr Anthony Youn agrees that, "Kylie's looking more and more like Kim every day!"

Of course, it's not only the surgery that she's trying out in order to imitate her sister. You only have to look at Kylie's Instagram account to see that whatever 34-year-old

Kim can do, Kylie can do better!

She's openly copying her clothing, hairstyles and make-up, and posing for raunchy selfies – yep, Kylie's a little Kim in the making!

'KYLIE'S
LOOKING
MORE AND
MORE LIKE
KIM EVERY
DAY'

She's a single white sister!

Just like the classic movie about the insecure woman who became obsessed with her beautiful roommate, Kylie is giving every aspect of her life a total Kim-over.

THE SELFIES

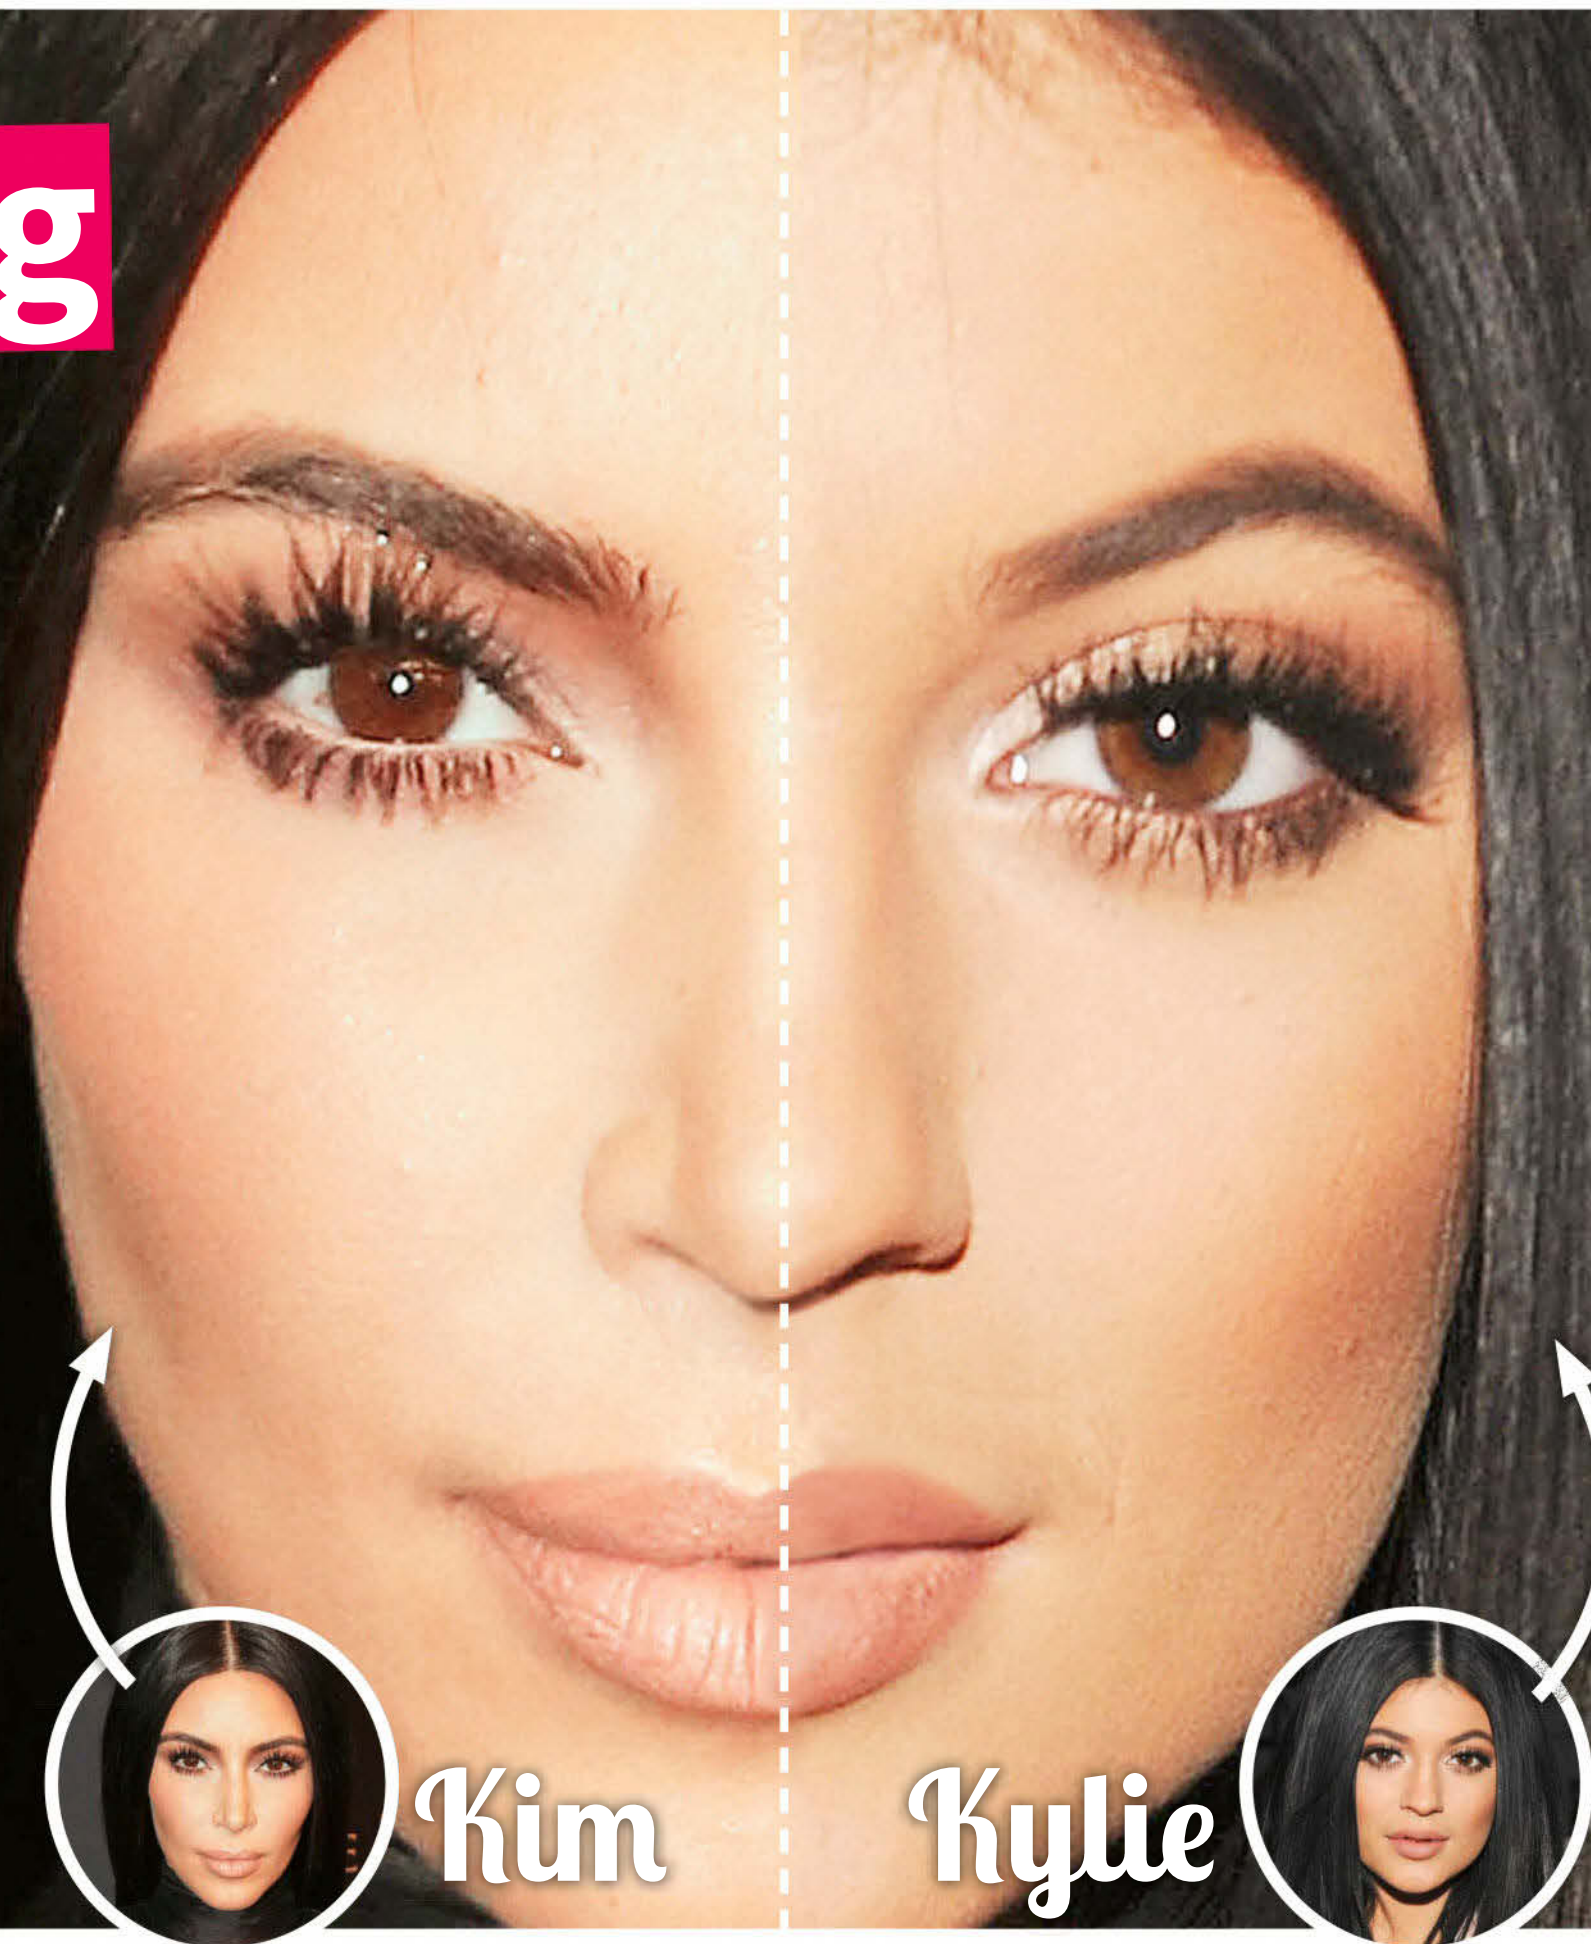

Full of pouting close-ups and majestic belfies, Kylie and Kim's social media accounts are insta-twins!

THE RAPPER BOYF

Kim's got Kanye and now Kylie's got up-and-coming star Tyga, 25. "Kanye sees a little of himself in Tyga by how he treats Kylie," says an insider.

Kim

Kylie

Of course it's normal for a teen to emulate their older sister, and Kylie has always been open about Kim's influence on her, but those closest to her are worried about her growing obsession.

"She wants to look like an even better version of Kim – and in her mind a facelift is the only way," explains NW's exclusive insider.

Now, all her pals are just hoping Kylie learns to love herself as she is before she goes too far down the plastic road! ■

STYLE STEALER!

Along with the green hair, Kylie's ditched her teen wardrobe and has started channelling Kim's signature style of more mature hourglass-enhancing designer threads.

KYLIE VS BLAC CHYNA

It's lipliners at dawn for the teenage star and her boyfriend's babymamma!

ROUND 1

- Blac Chyna posts a snap to Instagram of the diamond-encrusted watch given to her by Tyga when they were engaged.
- Kylie replies with a pic of herself with an identical watch, captioned "currently" – a snide comment about her status as Tyga's current girlfriend.

ROUND 2

- Blac posts a super-sexy bikini snap of herself.
- Kylie posts an equally raunchy selfie. The battle of the bodies is on!

ROUND 3

- Blac throws down the gauntlet with the words, "If you lurking, you care," and a caption challenging Kylie to, "Speak now."
- And Kylie hits back! She posts the picture below with a video. "If you hang out with somebody with a dark cloud, the rain going to get you eventually," it says.

If you lurking, you care

SMACK DOWN!

Kylie uploads a snap of herself with Tyga, again simply captioned "Currently". Ding ding ding! What a knockout!

Khloe

Back with French & off the rails!

KoKo's on a downward spiral...

Someone needs to start a rehab for bad-boy addiction quick smart – Khloe Kardashian needs you!

Just when we thought she had cut loose her rapper ex French Montana, the reality star is back in his arms and back on the benders!

After spending a day hooning around on jetskis in Miami with the fast-living hip-hopper – who was openly chugging expensive Ciroc vodka straight from the bottle – Khloe, 30, French and his party-hard crew including Diddy and DJ Khaled, continued living it up at Ivy Nightclub until 5am. But that was just the start of KoKo's 48-hour beach bender.

Khloe's thirst for hitting it hard is now an official worry to pals, and her on-off relationship with French isn't helping.

"Khloe's totally addicted to the club scene and it'll take something drastic to pull her out of it," says an insider. "She's playing a dangerous game hanging around that crowd, who are known to get into drugs and all-night booze binges."

This isn't the first time Khloe's partying has caused concern. She was so drunk the night before her sister Kim's wedding

in May last year she had to have her make-up done while she slept. Also, in 2007, Khloe was convicted of DUI.

Understandably, her mum Kris Jenner is worried sick.

"Kris hates seeing her daughter turn into this party monster and has been pressuring Khloe to stop seeing French," adds the insider.

"Khloe knows French isn't relationship material, but she doesn't care because she's having way too much fun." ■

HUNGOVER!

Raising the roof!

Khloe's wild ways have reached new heights, with her two-day party seeing her take to a rooftop to booze it up with French Montana, rapper Chinx and her pal Malika, before posting the antics to Instagram: "The Ciroc made us do it!! #StepIntoTheCircle".

TARA 'I've got 90-YEA

BUT ID

The actress hits back at the body bullies!

She's battled body demons for much of her adult life, so it was good to see a carefree Tara Reid skipping along a beach in Miami, proudly flaunting what her mamma – and a few plastic surgeons – gave her.

Not even tummy scars – the result of botched liposuction – and a dodgy boob job could wipe the smile from the 39-year-old's dial as she posed

up with friends in a striking two-piece last week.

Of course, the road to happiness has been a rocky one for Tara, who's reportedly struggled with alcoholism and eating disorders since finding fame in the *American Pie* franchise back in the '90s.

"There's no doubt her years of surgery, lipo, eating problems and partying have taken their toll,"

Tara proudly flaunts her body, despite it being ravaged by failed cosmetic surgery

Screw the haters - Tara's having fun!

the body of an R-OLD

ON'T CARE!

says a long-time friend of the *Sharknado* star.

"She jokes that she's got the mind of a teenager in the body of a 90-year-old, but she doesn't care what anyone thinks."

As a matter of fact, the actress is comfortable in her own skin.

"Right now I'm happy with my body... but the mental and physical pain I went through after I had the surgery was horrific... I am what I am"

You go, girl! ■

Beth puts the body issues aside to hit the beach in Miami

Bethenny
'YES, I'M TOO THIN!'

Tara wasn't the only one rocking out in a bikini in Miami – *Real Housewives Of New York* star Bethenny Frankel was happy to flaunt her bod in a hot-to-trot bright-orange number!

But the Skinnygirl boss – who's copped flak for her slender frame in the past – has body insecurities just like the rest of us.

"Do I think I can be [too thin] sometimes? Yes," the 44-year-old mum-of-one confesses. "It happens when I get stressed out. I get black circles and my face looks drawn."

De-stressing in the sea will do her the world of good

1D SPLIT

Now it's getting nasty!

Things go from bad to worse for the not-so-fab five

What started out as one of the friendliest band bust-ups in music history is quickly turning into an all-out war of words!

Just days after former One Direction member Zayn Malik fondly branded Louis Tomlinson, Harry Styles, Liam Payne and Niall Horan “four friends for life”, things took a rapid turn for the worse when the 22-year-old was seen at a London recording studio with producer Naughty Boy – real name Shahid Khan.

With the tears barely dry on the cheeks of 1D fans around the world, Naughty

Boy's label dropped a demo of Zayn's first 'solo' track – a ballad called *I Won't Mind* – on Twitter last week. But after it sparked a wave of controversy, it was quickly deleted.

Outraged, 23-year-old Louis took to social media to lash out.

“Wow... you're so inconsiderate,” he raged, adding, “Clearly trying to wind the fans up!”

And while Louis is furious at the producer, Harry, 21, feels hurt and disrespected by Zayn's behaviour.

“Harry was always his biggest supporter and close friend,” spills an insider. “They feel like Zayn is acting like he's above them.”

Adding insult to injury, the song in question actually turned out to be

a 1D track produced by Naughty Boy that hadn't made it onto the band's previous album. Cheeky!

Rather than face the music, Zayn – with his pop-star fiancée Perrie Edwards – hopped on a private jet out of town, leaving the producer to play peacemaker.

“No-one is against anyone here. The fans made all of us. Not just a chosen few,” Naughty Boy tweeted.

“A bit of love can go a long way. Time will tell the real story guys.”

We sure hope this one has a happy ending, boys. ■

LOUIS LOSES IT!

The singer is furious that Naughty Boy seemingly flaunted Zayn's solo move

Louis Tomlinson @Louis_Tomlinson · 8h
Wow @NaughtyBoyMusic you're so inconsiderate pal , seriously how old are you ? Grow up ! #masterofallwisdom

@NaughtyBoyMusic I was talking about the video you tweeted . Clearly trying to wind the fans up ! Well you succeeded anyway . Fair play

WANTED! ONE NEW DIRECTIONER

Apply within! These A-listers are perfect candidates for Zayn's old job!

Ed Sheeran

He's already successful, but a solo career can be lonely! Ed, 24, performed with the boys in 2012, so he's got a head start on learning the routines!

Jaden Smith

If they want lively press comments, Jaden, 16, is their man! As he says, "How time moves for you depends on where you are in the Universe..."

Brooklyn Beckham

With former Spice Girl Victoria for a mum, Brooklyn, 16, has music in his blood. But would he swap his soccer boots for a mic?

Kylie Jenner

She's keen for a music career – and with links to rappers Tyga, Kanye West and French Montana, Kylie, 17, already has one foot in the door.

French kissing

Zayn and Perrie are as loved up as ever on vacay in Cannes.

Miranda's joy 'We're having

After handing Flynn over to the nanny, the former couple left together

FAMILY FOREVER

"I've said to her, 'We're going to be in each other's lives for the rest of our lives and we have a child.' So it's important to me that we respect each other as we always have. There's a deep love between us," says Orlando.

Miranda and Orlando play happy families in Malibu on March 28

Their no-strings-attached deal has proved fruitful indeed!

They've been friends with benefits on and off since calling time on their marriage two years ago. But it seems Miranda Kerr and Orlando Bloom's casual hook-ups just got serious – with reports the model is up the duff with baby number two!

Rumours of a bun in the oven started flying

last month when usually pin-thin Aussie Miranda, 31, stepped out in LA with an uncharacteristically round tummy.

Indeed, after the couple were snapped leaving the *Vanity Fair* Oscars party together back in February, friends reckon their night of partying may have left them with more than just a goodie bag!

"The buzz is that she's pregnant. She's been

another BABY!

Baby steps

Selena already looks comfortable with motherhood.

OMG! SELENA'S got a bub!

In full bloom

Miranda had plenty to smile about in Malibu on March 23

getting bigger clothing sizes, is getting super paranoid about cigarette smoke and she's got a really obvious little bump," explains our exclusive insider. "It can only be Orlando's because he's the only guy she's been hooking up with recently."

But while the pair – who were snapped playing happy families with their adorable four-year-old son Flynn outside 38-year-old Orlando's Malibu pad – just can't seem to get enough of each other's company, we're not

holding our breath for a reunion any time soon!

"This is no guarantee they'll want to get back together in the long term, but she really wants another kid," adds our source.

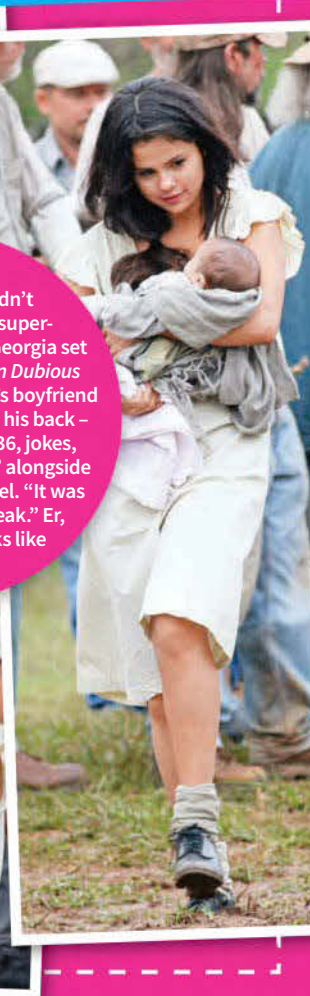

"They can 100 per cent be themselves around one another – which is a connection they haven't been able to find anywhere else."

And since Maz and Orly make exceptionally cute kids, we reckon another one's a great idea! ■

Well, sort of! Selena Gomez couldn't stop fussing over her super-cute little co-star on the Georgia set of her upcoming movie *In Dubious Battle*. But the 22-year-old's boyfriend DJ Zedd had better watch his back – director James Franco, 36, jokes, "Selena and I had a baby," alongside an Instagram picture of Sel. "It was born during Sprang Break." Er, creepy... But Sel looks like a natural to us!

Selena shows off her clucky side, while James takes things too far!

Angie won Favourite Movie Villain, but her kids are the real prize!

Angie Super mummy

The star and her kids melt a million hearts

She's no stranger to swanky Hollywood events, but doting mum Angelina Jolie made the Nickelodeon Kids' Choice Awards in LA extra special by taking two of her girls – Zahara, 10, and Shiloh, eight – along.

The fearless 39-year-old – who underwent preventative cancer surgery to remove her ovaries just weeks earlier – brought tears to our eyes when she showered her daughters with kisses as they

celebrated her Favourite Movie Villain award for *Maleficent*.

Angie had some inspirational words for her young fans, too.

"When I was a kid I was told, like *Maleficent*, that I was different. And I felt out of place," she said. "Then I realised, different is good... Be yourself. And when someone tells you you're different, smile, hold your head up and be proud. As your villain, I would also say, 'Cause a little trouble – it's good for you!'" ■

IDOL EYES

Even though their mum is a superstar herself, Zahara and Shiloh were pretty excited to meet a few of their favourite celebs at the awards, including singers Meghan Trainor and Nick Jonas. Lucky girls!

Rita war 'CALVIN'S'

As her DJ beau spins a web of lies, is the pop star headed for heartbreak?

Stop the presses! Taylor Swift and Calvin Harris are officially music's hottest new couple – but for how long?

The singer and the Scottish DJ basically confirmed persistent rumours they're an item when they were spotted on a date in Nashville last week – in matching outfits! But Calvin's ex Rita Ora, 24, has already reached out to Tay to warn her about the rocky road ahead! "Rita passed a message to her through a mutual friend to give

Taylor a heads-up that while Calvin might be the most wonderful boyfriend at first, he eventually turns as cold as ice for no reason," spills an exclusive insider.

"She told her that Calvin isn't a womaniser, but he does have some serious hot-and-cold issues that can really make a woman doubt herself."

Plus, since the 31-year-old buffed up to model for Armani earlier this year, hordes of eager women have been throwing themselves at him, so Tay's got plenty of competition.

But we've got a feeling Rita's warnings are set to land on deaf ears since Taylor, 25, has fallen

head over heels for the smooth-talking muso. That's not surprising, given that he's turned on the charm big-time since they first hooked up after the Brit Awards in February – showering Tay with affection, sending her flowers and calling up to 10 times a day!

Still, given her track record with men, the singer's pals aren't buying into her new romance as quickly as she is.

"Friends are worried that Taylor is going to lose her mind over a guy again," adds our source. "Calvin's just coming out of a relationship. They simply don't trust him."

Uh-oh, we feel another break-up ballad coming on. ■

Rita and Calvin's split was bitter and she doesn't want Tay to get hurt, too

EX FACTOR

Calvin and Rita's split was the messiest of 2014! Not only did Calvin ban Rita from performing or releasing any songs they'd written together, he also threw shade at her online, tweeting, "You act so innocent... but you lied."

MAR 25 DATE 3

The pair are spotted shopping together at Whole Foods in Nashville, looking cosy and wearing matching his'n'hers grey-and-black outfits.

3 DOES VANESSA HAVE REGRETS ABOUT ZAC?

She's been dating Austin Butler for four years now, but Vanessa Hudgens still thinks about her ex-boyfriend Zac Efron!

And the brunette has confessed that her jea streak was partly to blame for the end of their three-year romance back in 2010.

"Girls were running after him and I was giving them death stares," admits Vanessa, 26. "I went through a phase when I was really mean because I was so fed up."

DID CHRIS AND LILY

HAVE THE MOST AWKS DATE EVER?

It's a scene straight out of a chick flick. You're on a date with your hot, new guy at a swanky restaurant when, out of the blue, his ex turns up. What a nightmare!

But that actually happened when Chris Evans and Lily Collins went to an Italian restaurant in LA and discovered that his ex-girlfriend Minka Kelly – who he dated for seven years until 2013 – was having dinner at the same spot. Still, it doesn't seem to have totally ruined the mood – look at that chemistry!

WHAT'S THE SKINNY ON GIULIANA?

Sick of body critics slamming her slender frame, Giuliana Rancic has hit back, revealing that her ongoing weight loss is down to the cancer-suppressing medication she's been taking since undergoing a double mastectomy in 2011.

"I started noticing that I was eating a lot, but not gaining weight at all,"

Giuliana – who is mum to two-year-old Duke – tells US mag *People*.

"I'm sorry that some people think I'm disgustingly skinny, as they put it, but there's nothing I can do. I eat a very robust, healthy balanced diet. I eat dessert every night. I'm doing the best I can."

On top of the harsh medication, Giuliana also suffers from scoliosis, which affects her spine.

"I'm shaped a certain way because of the scoliosis," she says. "Even if I gained 20 pounds [9kg] the bones in my back would still look the way they do."

Health comes first

Giuliana is hitting back at her body critics, explaining why she's so thin!

CAN KATIE GET ANY HAPPIER – OR HOTTER?

Katie Holmes was looking sexier than ever at the New York premiere of *Woman In Gold* alongside co-star Helen Mirren.

Now pals are saying her rumoured beau Jamie Foxx might want to make things official – the competition could get stiff!

But word is that Jamie is keen to have a man-to-man talk with Kate's ex-hubby Tom Cruise before they go public.

"Jamie and Tom don't speak as much as they once did, but Jamie would like to do things right and tell Tom in person," an insider says of the *Collateral* co-stars.

"The three of them used to hang out together when Tom and Katie were married, so it's a bit weird for [Tom]."

Cheat's guide to all the goss!

5 IS KATE GOING BUST?

Word is Kate Upton's job prospects have dried up due to her diva antics, like refusing to pose with other models and insisting on approving any photog she works with.

"She became really unappreciative of her success," an insider tells the *New York Post*. "It totally went to her head. She didn't understand that people had taken a chance on her."

Not only was she missing from this year's *Sport's Illustrated* Swimsuit Edition, but the 22-year-old model

has just one project slated for 2015

– a role in road-trip sex comedy *The Layover*.

Sounds like someone had better start playing nice!

6 WILL JOE AND SOFIA HURRY UP AND PROCREATE?

Forget *Magic Mike XXL* – Joe Manganiello's hottest role yet could be fatherhood! No, he and Sofia Vergara haven't adopted

a baby – he's just giving us a taste of what his daddy skills might look like by feeding his fiancée's adorable niece Gia. Sofia shared the snap on Instagram along with the caption, "Gia and her favorite uncle."

And considering the actress has made no secret of the fact she's had her eggs frozen, we reckon her beau is doing a pretty fantastic job convincing her to defrost them. Come on, Sofia – don't let those fantastic genes go to waste!

DOES JAY Z HAVE A SECOND PHONE?

Rumours of Jay Z's penchant for hooking up with other women have been swirling for years, but we hear the rapper has so many ladies on the side that he's had to buy more than one secret mobile phone to ensure his wife Beyonce doesn't find out!

"Jay has a bunch of phones," explains an exclusive insider. "This inappropriateness has been going on for years and you have to feel for Bey, as it's all so blatant."

Could this be the reason Jay and Bey, 33, were spotted having a very public argument last month? The mum-of-one was seen storming out of LA's Crossroads restaurant after she busted Jay, 45, checking his phone during dinner. Yikes!

8 IS BARBARA ED'S REVENGE HOOK-UP?

Ed didn't waste time moving on with a Victoria's Secret model!

The same day he confirmed his split from girlfriend-of-one-year Athina Andrelos, Ed Sheeran was snapped out on a date with Victoria's Secret model Barbara Palvin at Mary's burger bar in Sydney's Newtown! And it seems dinner went well, because the

pair then climbed into the same limo and kicked on at Hemisphere nightclub in the CBD.

Interestingly, Barbara used to date One Direction's Niall Horan who reportedly hooked up with Ellie Goulding while she was seeing Ed. Incestuous much?

DOES RYAN WANT MAGIC ABS?

Ryan Gosling has got himself a daddy gut! But don't hold a candlelight vigil just yet, because the 34-year-old father of one has enlisted the services of an ab guru to get the washboard back — *Magic Mike XXL* hunk Matt Bomer.

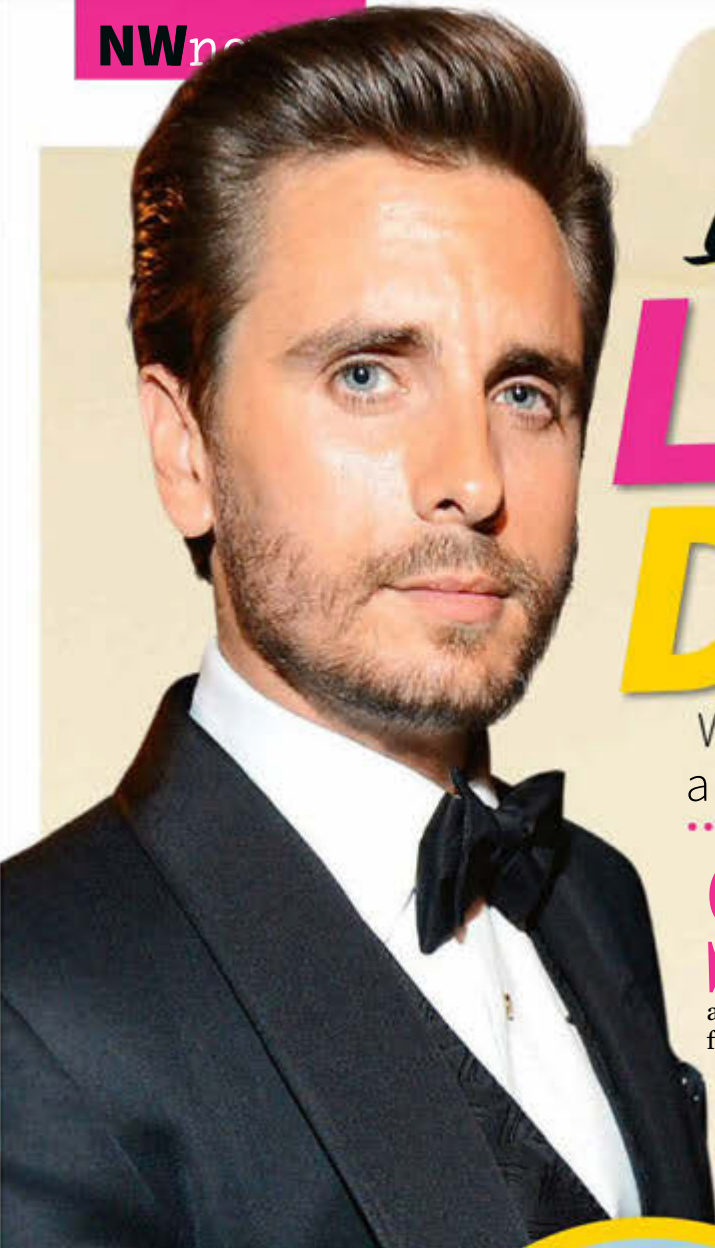

"Matt's been working with Ryan every day and has even devised special meal and fitness plans to get him back in tiptop shape," reveals an insider on the set of their upcoming flick *The Nice Guys*.

Let's hope Matt encourages The Goz to showcase some stripper moves while he's at it!

Is he living Scott LORD DISICK DOUBLE L

What does the fast-living reality star actually do for a crust – and how does he afford his lavish lifestyle?

Scott Disick has never been shy about flaunting his flashy lifestyle. From a personal fleet of fast cars to wardrobes stuffed with designer gear and huge nights on the tiles fuelled by jeroboams of French champagne, he seems to have it all.

But while more industrious members of the *Keeping Up With The Kardashians* clan have their mitts in

a number of lucrative pies, including clothing lines and modelling, no-one seems to know exactly what the self-titled Lord Disick actually does for a living – apart from enjoying free booze at endless club appearances... Word is he inherited an estimated \$25 million from his late parents Jeffrey and Bonnie, and Scott now rakes in up to \$250,000 just for turning up to an event – not bad coin if you can get it!

But as for bona-fide business dealings, his small-screen family are as in the dark as we are! In an attempt to stop their incessant questioning during a recent episode of the family's

hit reality show, Scott tells his babymamma Kourtney, 35, and her sister Khloe, 30, that he's the president of a company called Calabasas Luxury Motorcars.

"A business I own sells exotic cars, but I don't personally," he adds. "It's

nothing to admit, I just don't want to talk about it."

Hmm... clear as mud!

Curious about the constant "business calls" Scott, 31, receives, his sister-in-law Khloe, 30 – who admits she's "always wondered what Scott does for a living" – asks Kourt, who admits she's just as stumped as everyone else!

"I don't know, I feel like he's wheeling and dealing," Kourt, 35, replies. "He's just putting together deals... like brokering things... he loves to buy cars."

Er, OK. But that still doesn't clear things up!

"So where does he get the money to buy them? Are they stolen?" Khloe pushes. "Like how else do you make a profit?"

That's the million-dollar question! ■

NEW
PICS!****BACK TOGETHER****But is he cheating already?**

They've only recently gone public with their rebooted romance, but her closest confidantes fear that Jennifer Lopez is about to be served up a second helping of humiliation by her back-up dancer toyboy Casper Smart!

Just days after the seemingly loved-up pair were seen locking lips in LA, reports emerged that Casper has been secretly trying to hook up with one of the two

transgender models he was accused of having an online fling with last year!

Indeed, Sofie Vissa – who claims she had a sexting relationship with “special” and “open minded” Casper – reckons the 27-year old has been trying to land a date with her ever since January, when they reconnected at the LA gym they both go to.

“After everything that went down, he would still talk to me on Instagram, but then

I started going to the gym again and started seeing him there,” explains Sofie, who also exchanged a string of X-rated photos with Casper. “He still tries to

talk to me. I think he was kind of shocked to see me at first, but then he was like all, ‘Hey, Sofie!’”

**‘I DON’T

HE WON’T

But as the old saying goes, once bitten, twice shy – and with her reputation on the line, there’s no way proud mum-of-two Jennifer is going to forgive her lady-loving man a second time.

A good thing, too, insists Sofie, who seems to believe that Casper sees dating the powerful 45-year-old as little more than a “work commitment”!

“I don’t think he’ll be faithful,” the model adds openly. “He’s not going to be tied down by a regular woman.” ■

They split for four months back in 2011 following rumours he'd been doing the dirty on her, but Justin Timberlake, 34, and Jessica Biel, 33 – who he has tearfully called “my best friend, my favourite collaborator” – have since married and are expecting their first bub any day now!

Their turbulent on-off romance flipped so much it gave us whiplash, but Selena Gomez, 22, has finally moved on from her troubled four-year romance with Justin Bieber. “I want a girl I can trust, who I can lean on,” Justin, 21, says of what he's looking for in his next relationship.

WILMER & DEMI

They were first linked before she checked into rehab in 2010 for an eating disorder, but after multiple splits Demi Lovato, 22, and Wilmer Valderrama's love is rock solid! These days Demi is healthier and happier than ever, and credits the 35-year-old actor with making her “the luckiest woman in the world”.

Talk about hot and cold! Serial love rat John Mayer, 37, and Katy Perry, 30, split back in 2013 and again last year before reuniting this January! But John – who admits “coupling is hard” – has reportedly dumped Katy once and for all because he doesn't feel a spark with the pop star any longer. Your loss, John!

'KIM & KANYE WON'T LAST!'

Yeezy's stepsister Aliya believes he'll stray...

The story behind the relationship of the decade, as told by those who really know – Kanye's own relatives!

After years of unrequited love, it's easy to see why hopeless romantics were quick to dub Kanye West and Kim Kardashian's relationship a love story for the ages.

The fact that Kanye was determined to make the beautiful reality star – who he calls his “everything” – Mrs West from the moment he first clapped eyes on her nine years ago makes it all the more touching.

But despite his long-running infatuation with the 34-year-old, Kanye's family are convinced his relationship is destined for disaster.

In this exclusive two-part tell-all interview with *NW*, Kanye's stepsister

Aliya Jones says there's every chance the 37-year-old Yeezus rapper will end up doing the dirty on Kimmy with another woman sooner rather than later!

“A lot of people cheat, and it's much easier for Kanye to cheat than anyone else,” says 40-year-old Aliya. “He has women throwing themselves at him everywhere he goes. There's temptation to stray.”

What's more, Kanye's stepmother Brenda Bentley – who was once engaged to the muso's dad Ray West – agrees that Kim's days at the top of Kanye's wish list are numbered, and that she's going to have to work extra hard to keep the high-

maintenance star interested as the years go by.

“Anybody that curvaceous has to really watch it and exercise, especially in the behind and chest area because it will all come down,” explains Brenda, 59.

“Hopefully her beauty will manifest itself in other ways as she gets older, should she become less attractive.”

What's more, Aliya reckons that Kanye hasn't been telling Kim the whole truth about his feelings towards his ex Amber Rose!

Despite a recent spat with Amber that kicked off when Kanye hurtfully said he had to “take 30 showers” after they dated, Aliya reckons it was all for show and just an attempt to appease his babymama.

For Kanye only has eyes for one woman – and that's the proud mother of his beloved 21-month-old daughter North.

“You can almost see stars, little hearts in his eyes when he looks at

Kim,” says Brenda – but for how long is anybody's guess.

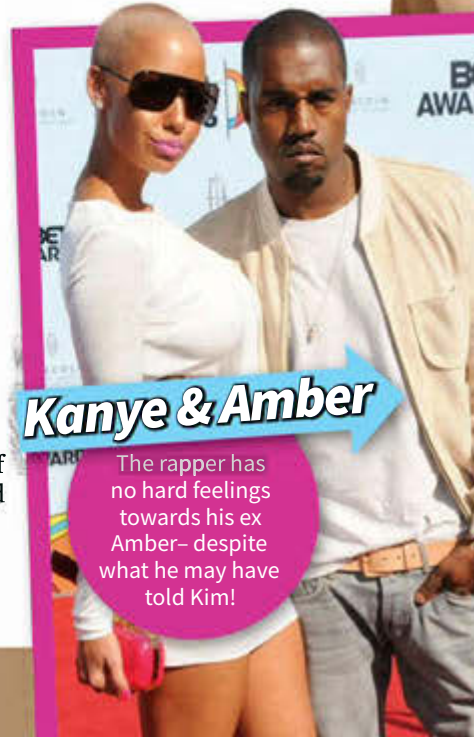

“I pray for both of them,” adds Aliya. “It's difficult to have a healthy and successful marriage.

It's going to be a lot of work – and that's never going to end.” ■

Arg's rehab hell

I hit rock bottom

After getting kicked off *The Only Way Is Essex* last year and spending 28 days rehab, James "Arg" Argent has opened up for the first time about his battle with drugs and alcohol.

"My dad drove me [to rehab]," recalls the 27-year-old, who checked in on December 1 and spent his birthday and Christmas alone. "I didn't want my dad to see me cry but as soon as he left I just sobbed, because I knew I had done this to myself."

And while a *TOWIE* insider revealed in October that producers "had no choice but to suspend him" after Arg "failed a test for cocaine", no-one ever gave up on him.

"I had a lot of support from my friends and family and the show. However, it was my own decision to get the treatment," says Arg, describing it as "the best decision I've ever made".

"It wasn't until I hit rock bottom [that I realised I needed to do it]," he says of his life-changing rehab stint. "I was letting my friends down and I [told myself], 'If I don't go in there now, then I'll probably end up losing absolutely everything.'"

Arg, who's now returned to the show that made him famous, has even shed some kilos.

"I've worked hard since coming home... [getting early nights], training hard every day and eating healthy," he says. "I've not been clubbing as much as I used to."

We're proud of you, Arg – you look fantastic! ■

KRISTEN
TAEKMAN!

After her tumultuous debut season on *The Real Housewives Of New York City*, mum-of-two Kristen Taekman, 37, is ready for the next one! Here, she gives us the lowdown on what to expect...

How was your first season on RHONYC? I can't believe I'm saying this, but the other girls were really welcoming, despite little bumps in the road like glass throwing, Heather and I having our little argument in the woods or whatever. It was intense, but I've made some great friends!

What does Season Seven have in store for you? Josh and I have our 10-year wedding anniversary. Where we left off, things were a bit bumpy, but we work through some stuff. When you have kids you go through patches because you lose sight of your partner!

What about everyone else? You'll have to watch and find out how we all got along! We're so excited Bethenny's back. She's great, she's an amazing role model. Ramona and Mario are going through some stuff, so you see all the rockiness. And Bethenny's still going through her divorce. There's a lot of crazy stuff, but I can't give it away!

As crazy as Aviva Drescher throwing her prosthetic leg last season? That was insane, right? I literally forgot she was wearing a prosthesis, then next minute it's flying through the air and I'm like, "Oh my god!" It was beyond!

Have you seen *The Real Housewives Of Melbourne*? It's great – there's a lot of drama! I love Jackie, the girl who says, "Shine, shine, shine." She's really fabulous. She's odd, but odd is good.

EXCLUSIVE

Bachelor babe New

Once you've hung out with Sam Frost, it's hard to imagine her in a situation where she's *not* constantly laughing and cracking jokes. She even pulls out witty one-liners throughout her bargin' NW bikini shoot – yep, she's got the hot-and-funny thing down pat!

But less than six months ago, the happy-go-lucky hottie was at her lowest point after being proposed to, then unceremoniously dumped by Bachelor Blake Garvey in the most public of ways.

And it wasn't just the guy drama that was getting her down – the 26-year-old was also facing a major body battle.

Before *The Bachelor*, Sam enjoyed a super-healthy lifestyle, hitting the gym five times a week, but that all changed when she started the show and found herself

confined to a mansion with a seemingly endless supply of food.

"I was 52kg and ridiculously healthy," Sam recalls. "During the show we weren't allowed scales in the house. When it was the final five, we went to this place in the Blue Mountains and I found scales – and I weighed over 63.5kg. I was like, 'Holy shit!' I couldn't believe it. I was disappointed in myself. A year's worth of work just went out the window in three months."

Of course, Sam wasn't the only one who noticed the almost-12kg weight gain.

"Once I got out of the house, there was a six-week delay between filming and airing, so I was at

home laying low," Sam explains. "I went on *The Bachelor* Facebook page and it was brutal. All these comments saying, 'How fat does Sam look!' I just couldn't believe it. I knew I had put on weight, I was battling internally. I didn't need people telling me that I had."

What's more, the hurtful comments opened her eyes to the cruelty of online trolls.

"I never knew how intense and horrible it was. Imagine a 14-year-old girl looking at that, thinking, 'If

they think Sam's fat, then I must be huge,'" she says with sadness in her voice. "It is disgusting."

But despite the online attacks, Sam resolved not to be too hard on herself.

"My mum has battled anorexia and bulimia ever since I can

I want to be happy with whoever I am and when you work out and eat right you just feel good.

It sounds clichéd, but it's true!"

And her first move? Calling in the fun police.

"I immediately stopped with the junk food. I just don't buy it, because I know what my problem is – I have absolutely no self-control," she admits. "Right after the show I was like 'OK, I have to work hard and kick arse!'"

Now that she's back around the 52kg mark, Sam can afford a cheeky treat every now and then.

"When you're trying to lose weight it's hard not to indulge, but now I can have those indulgences and not feel bad," she tells us.

"Some people eat one chocolate and they're like, 'I'm going to hammer myself at the gym and hate myself.' But I'm like, 'F**king relax! You had a chocolate – it's not the end of the world!'"

So has her hot new bod given this single lady more confidence with the fellas?

"Not really. My dating life is absolutely non-existent!" she confesses. "Being healthy and having a

And she's still got that *Bachelor* baggage to deal with.

"Guys are like, 'Oh, you're that chick who got proposed to,'" she says. "I'm like, 'I'm a lot of other things, too!' Hopefully when the new season starts the heat will be off me."

Until then, she certainly won't be shedding any tears about her single status.

"I think people go, 'Oh, poor Sam – she can't find a man,'" she jokes. "I'm really happy! I have great friends, a great life and I'm OK by myself. But when he does come along, it will be amazing!" ■

GUILT-FREE FOOD

"I'm quite social, but if I'm going out to dinner, I'll eat healthy in the day so I can order a burger and chips and I'm not going to feel shit about it," says Sam.

Now

'How I lost 12kg!'

SHE LIKES TO MOVE IT

"I don't have a car, so I'm always walking," says Sam. "I walk up to 7km a day, I do at least two gym classes a week, I love boxing – it works everything! I also like BodyPump. I have to mix it up or I get bored. There's some killer stairs near my house, so that's my motivation to get outside and tackle them. Basically, I try to do something active every day."

HEALTHY BITES

"In the morning I have scrambled eggs with no bread or I'll make oats with honey and a bit of milk. For lunch, I love tuna salad with spinach, lettuce, fetta, a sprinkle of chia seeds and avocado. I try to eat vegetables every night, with salmon or in a stir-fry. I love Sunday roasts, too."

There's not an inch to pinch – you go, girl!

Moving on

She went through a nightmare break-up – then had to deal with Blake hooking up with her mate Louise Pillidge shortly afterwards. "It was really difficult," Sam says. "It was hard enough without everyone knowing about it! But my friends and family were incredible and had my back, and I feel like I've grown and evolved so much since."

Sam made lifelong friends in fellow Bachelorettes including Lisa, Zoe and Laurina

BRANDI snaps!

"Life's been super hectic lately! I'm still looking for a house, which is always stressful, and I'm still recovering from the crazy *Real Housewives* reunion, which was full-on! I need some serious time out from those girls! Things are still going super-well with my boyfriend JR, but it's hard sometimes because he works with Kyle's husband Mauricio. He keeps asking me to come to his work events but I have to say no as I don't want there to be a scene if I run into Kyle – which there would

'Calvin's punching above his weight!'

"So Calvin Harris seems really happy with Taylor Swift right now – and who can blame him? He's cute and all, but he's seriously punching above his weight and she probably spends most of her time making him play with Meredith! If they ever did break up, all she'd have to do to feel better is look in the mirror. She's such a gorgeous girl and would get over Calvin in red-hot second."

'Just leave Giuliana alone!'

"Giuliana's copped a lot of criticism about her tiny frame, but everyone just needs to back off. She's battled cancer and won. She can't help the way her body reacts to the meds."

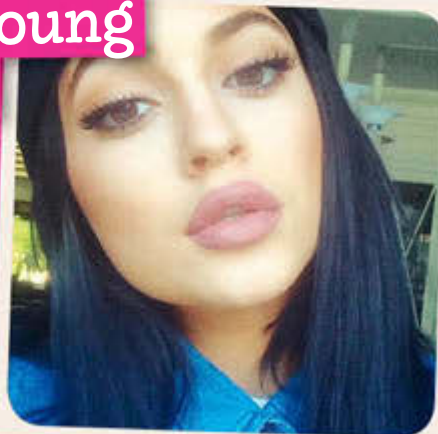

Brandi's VERDICT

"I'm close to finding my perfect new home!"

"Kyle. I'm really not happy with her!"

'Kylie's too young for surgery'

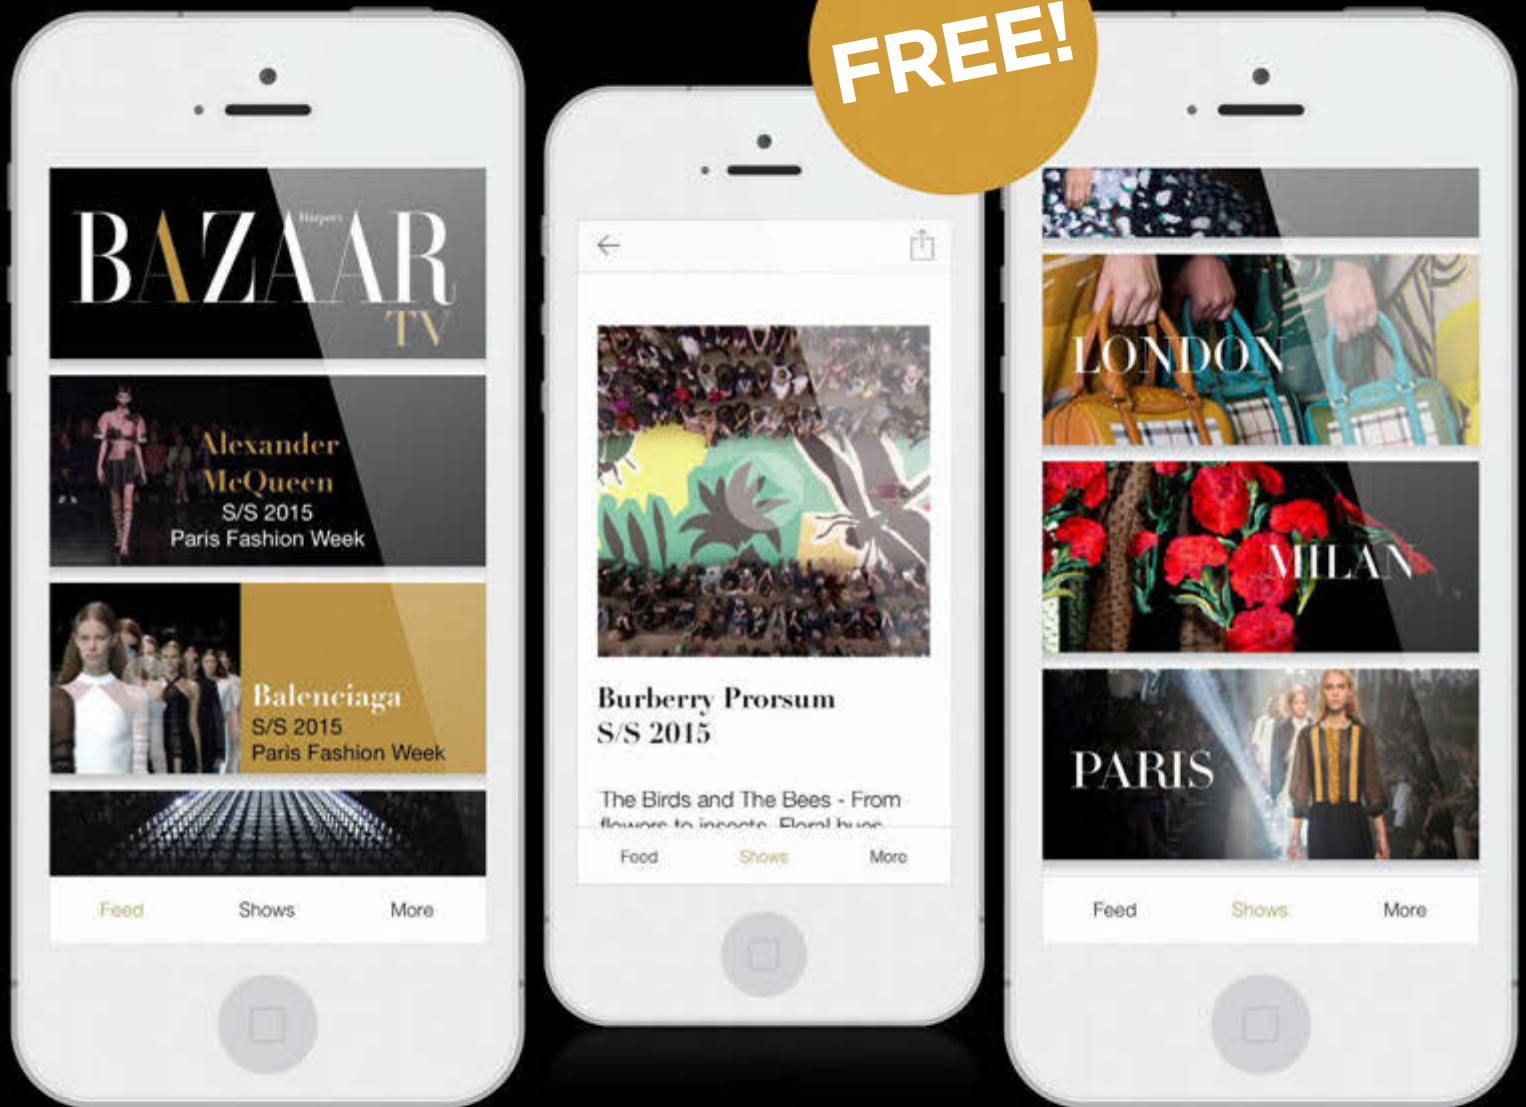

"Everyone's talking about Kylie Jenner's new look and whether she's had surgery or not. I'm not sure, but one thing's definite – she looks super-hot and totally different to how she used to! That said, she's kind of young to be going under the knife."

Hot or NOT

The ups and downs
of celeb styling

HOT

Iggy Azalea

Woah, is Iggy looking fine or what?! That skirt is beyond luxe and the hint of midriff oozes sex appeal. Low-key make-up and a high pony complete her fancy look.

NOT

Rihanna

When people talk about the benefits of going green, this Astroturf ensemble isn't what they normally have in mind. Maybe just try recycling, RiRi - you can start with this outfit!

NOT

Hailee Steinfeld

Is Hailee wearing an armoured breastplate? And thigh-high latex fetish boots? Under a summer skirt? There's a lot going on here we don't understand or like.

HOT

Kate Mara

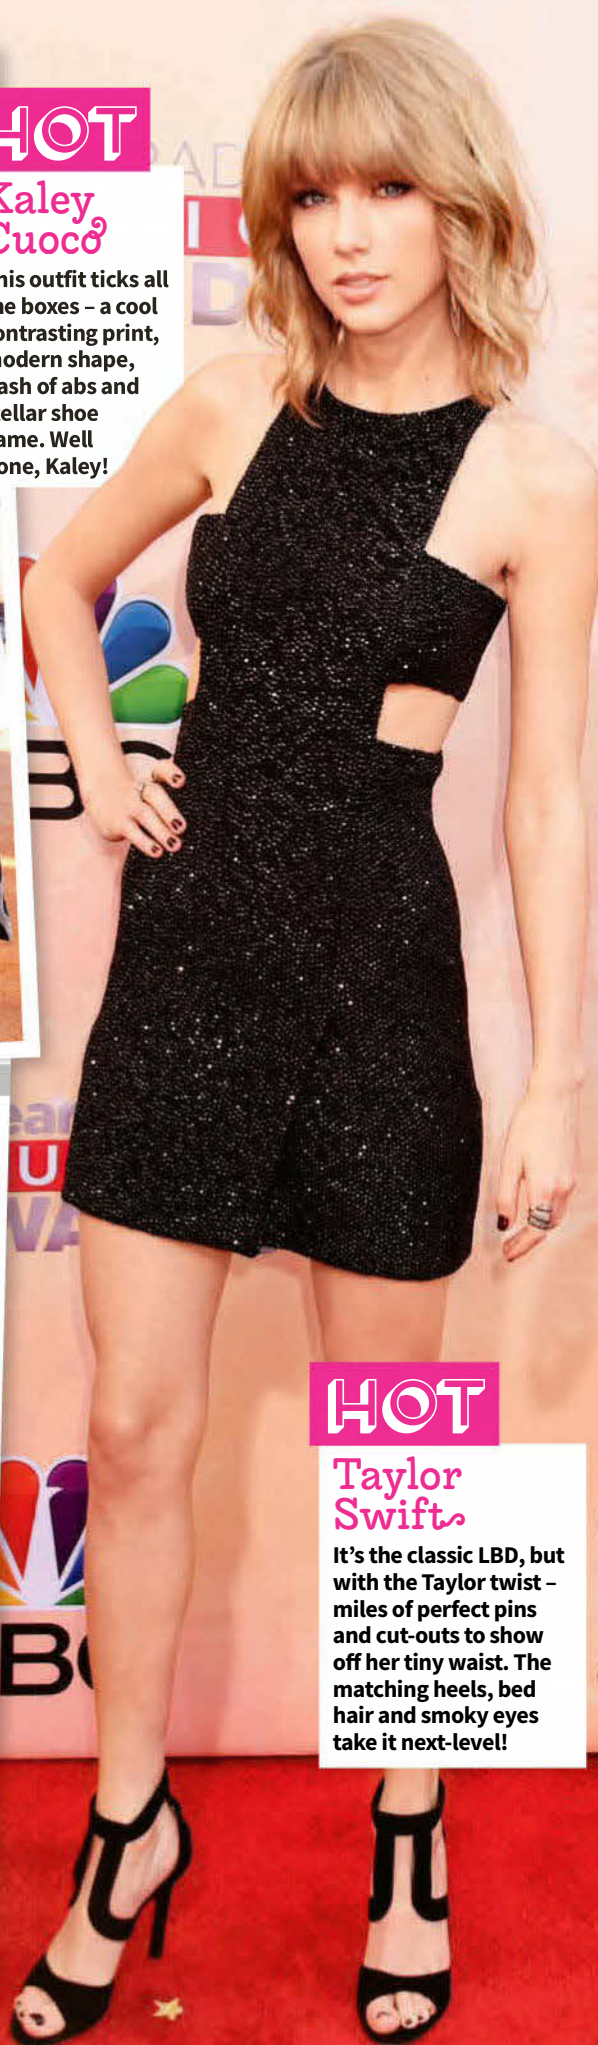

This strapless beaded number is so amazing we're tempted to steal it right off her! Better run, Kate!

HOT

Kaley Cuoco

This outfit ticks all the boxes – a cool contrasting print, modern shape, flash of abs and stellar shoe game. Well done, Kaley!

HOT

Taylor Swift

It's the classic LBD, but with the Taylor twist – miles of perfect pins and cut-outs to show off her tiny waist. The matching heels, bed hair and smoky eyes take it next-level!

HOT

Kate Bosworth

It may be the most basic dress shape there is, but in a super-fun polka-dot fabric paired with the perfect clutch, it's fashion dynamite.

NOT

Jessica Szohr

She may be trying to distract us with great hair and glam heels, but we can't help notice Jess has used rope to tie a piece of satin to herself in lieu of a dress.

HOT

Alessandra Ambrosio

Just in case you didn't know she's an Angel, Ále's dressed like she should be pucking a harp on a cloud somewhere. Heavenly!

Hot 2012 NOT

HOT

Beth Behrs

No wonder Beth looks so pleased with herself - her outfit is fab! The vibrant red is gorgeous and the detailing on the bodice is divine!

HOT

Isabel Lucas

Isabel's cute as a button in a casual dress and sandals. The length is sweet, and the bright florals keep it super fresh.

NOT

Sia

To be honest, we love this outfit. The ivory pantsuit is sharp, and those shoes are making us drool, but the mop and giant hat on her head ruins everything...

HOT

Snooki

We love how this oversized jacket emphasises the petiteness of Snooki's frame, and the heeled ankle boots keep the look feminine. Too cute!

NOT

Amal Clooney

The '70s called - they want you to burn those trousers. We expected better from you, Amal!

HOT

Shanina Shaik

With those Christian Grey-approved heels, her outfit's cocktail party at the top, bondage party at the bottom!

Who wore it best?

Gigi Hadid

Gigi's simple approach to hair, make-up and accessories keeps her looking gorgeous and classy in this OTT dress.

Rita Ora

While Rita's addition of red lips and glam shoes suggest she's keen to make a statement, simpler footwear would have let the dress shine through. Still, she looks great and we reckon we'll catch her on the D-floor later on.

THE Supermodel DIET!

Inside the weight loss formula that gives Candice wings

Those arms, those abs and those legs – yep, Candice Swanepoel's figure is fierce! But while she's on the books of Victoria's Secret, there's nothing secret about her hot-body prep.

"I'm an athlete," the 26-year-old boasts. "When I have a show or specific shoot coming up, I train for it full on, like an athlete would train for a game."

The model maintains her figure with trampolining, boxing, cross-training, resistance training and Pilates "to build muscle, rather than burn it."

If that sounds like

pretty classic stuff, that's because it is – just like her diet.

Yep, forget juice cleanses – the South African sexpot fuels her foxiness with tried-and-tested weight-loss eats like chicken breast and vegetables.

Follow her moves and you'll soon feel like strutting around in your lingerie, too!

Angel training

Victoria's Secret trainer Justin Gelband's moves will make your rig tighter than a bodycon frock!

1 LEG PULSE

"The smaller the motion, the better the results," says Justin. Lie on your left side with your arm bent under your head and extend your left leg. Stretch your right leg perpendicular at the hip and use your butt muscles to pulse it 20 times, angling slightly toward your left foot with each rep. Repeat on the other side, and practise saying "thank you" because you're bound to get complimented on your booty!

2 ONE-TWO PUNCH

Stand with your feet in line with your hips, left leg just in front of the right, fists at your chin, elbows in. Punch your right arm across your body until it's about 75 per cent extended while pivoting on your right foot. Return to start, then throw a left hook by raising your left elbow to shoulder height with the arm bent at a right angle, rotating through the hips. Do 15 reps – you'll be a knock-out in no time!

3 MICRO-SQUAT

"I do a lot of squats," reveals the supermodel. Try this twist on the classic butt-and-thigh toner by standing with your feet together and gradually squat, lowering slightly each count three counts. Hold, then rise the same way. Repeat with feet shoulder-width apart, feet together, then feet apart again. That's one rep. We know – ouch! Do a total of 10.

Candice is all about consistency. "There's no time to slack off," she says. "It's just not worth it."

Model meal!

YOUR Stars

The week ahead with Adele Lang

Kristen Stewart

April 9, 1990

The key to lasting love is closer than she thinks. According to K-Stew's stars, hitting the neighbourhood bars with her girlfriend Alicia Cargile will do wonders for their romance.

HAPPY BIRTHDAY

MON Zach Braff, 40. **TUES** Russell Crowe, 51. **WED** Matt Healy, 26. Patricia Arquette, 47. Rachael Finch, 27 **THURS** Elle Fanning, 17. Kristen Stewart, 25 **FRI** Alex Pettyfer, 25. Shay Mitchell, 28 **SAT** Joss Stone, 28 **SUN** Brian McFadden, 35. Saoirse Ronan, 21. Claire Danes, 36.

Aries MAR 21 – APRIL 20

According to Venus, local haunts provide the best settings for promising new romances. In other words, jetsetting types should try hanging out closer to home if they're on the lookout for love. Holiday flings might be tempting, but they're not destined to turn into anything long-term.

Cancer JUNE 22 – JULY 23

Planetary patterns signal that now would be a great time for you to explore the strange and unknown. Playing it safe has left you rather bored with the work you're doing and company you're keeping. Certainly, any exciting or scary opportunities shouldn't be dismissed.

Libra SEPT 24 – OCT 23

Jealous outbursts are unbecoming of normally laidback Librans. Nevertheless, in the coming days you might be more prone to publicly displaying your green-eyed monster. To save potential embarrassment, the planets recommend you avoid people you feel threatened by.

Capricorn DEC 22 – JAN 20

Daunting and potentially dramatic changes to career plans have been on the cards for quite a while, but you will be more willing to take those tentative baby steps this week. You may rely on a trusted pal or parent to help you feel brave enough to make your first move.

Taurus APRIL 21 – MAY 21

Supremely fragile egos need to be handled with care this week. Although you Taureans tend to be tell-it-like-it-is types, Pluto predicts family fall-out if you don't exercise some diplomacy and tact. Rest assured, there'll be ample opportunity to say what you really think – just don't do it right now.

Leo JULY 24 – AUG 23

Seemingly bothersome demands from blood ties and bosses could be turned to a Leo's advantage this week. Lunar activity indicates excellent outcomes – providing you're prepared to show enthusiasm. Indeed, calling in favours will be a doddle seven days from now.

Scorpio OCT 24 – NOV 22

Uranus urges you to spend more time with friends rather than family. New pals, especially, could help you put a fresh – and funny – spin on continuing dramas at home. Luckily, your social calendar doesn't look like it's lacking at present, so you're not going to be short of welcome distractions.

Aquarius JAN 21 – FEB 19

Feeling run-down may be a constant problem for you at the moment. This stargazer reckons hard-working, multitasking waterbearers should focus on health-giving food and fitness plans over the next seven days. What starts as a short-term fix could become the habit of a lifetime.

Gemini MAY 22 – JUNE 21

Even richer Twin types might be wise to rein in their spending in the days ahead. Your money 'planet', the Moon, suggests coffers might turn out to be less overflowing than you think. Scrutinise bank statements carefully and work out where you might be able to cut costs.

Virgo AUG 24 – SEPT 23

Not all domestic disputes need to be or even can be sorted out right now. Yes, you may be a natural-born problem solver, but some tricky issues will have to work themselves out over time. Attempting to actively fix things is more likely to cause more damage rather than help the situation.

Sagittarius NOV 23 – DEC 21

Your nearest and dearest mean well, but they're not helping your cause. You strong-headed Sags should gently tell friends and family to stop doling out unsolicited advice. The sooner they refrain from telling you what to do, the sooner you'll come around to their way of thinking.

Pisces FEB 20 – MAR 20

Pluto's dark presence prevails, meaning you might be forced to backtrack on previously held spiritual or moral beliefs. This doesn't mean you're a complete flake, but recent events have made you rethink your views and suddenly things don't seem so black and white.

Your weekly LOVE planner

Romance looks set to be a scorcher

Cara's BIG BREAK!

The model adds 'movie star' to her resume

Now officially a model-slash-actress, **Cara Delevingne** goes for a low-key look in her debut lead role, playing a mysterious teen in coming-of-age tale *Paper Towns* – and here's your first glimpse of her in action!

The film – based on the hit novel by *The Fault In Our Stars* author

John Green – sees Cara's character Margo take Quentin (**Nat Wolff**) on a midnight adventure before suddenly vanishing.

We can't wait to see if Cara's leading-lady chops are as good as her photogenic looks!

***Paper Towns* in cinemas July**

The flick sees Nat fall hard for Cara – who can blame him?!

Those reasons are **Matt Lauria** and **Nick Jonas**! And with one third of the Jonas Brothers buffing up for his role as champion mixed martial arts fighter Nate, there'll be plenty of ab-tastic action from from both Nick and his hunky co-star as they strip down and fight dirty in this gritty drama. Yum!

JESSICA CHASTAIN

The star spaces out about *Interstellar*

So what's *Interstellar* about? It is a thrilling film about space exploration, but at its core it's about the powerful bonds of love.

And who do you play?

An astrophysicist dealing with the agricultural crisis on Earth. She was hurt really badly when she was a child emotionally. She stopped maturing from that point on. When we meet her in the film, she's hiding behind science.

Director Christopher Nolan put you through some crazy dust storms in the movie...

Yep, that was real dust they were chucking in my face! Listen, it's not fun. Like when you're at home that night trying to get the dust out of your ears. Even a month later, you're like, "Wow, I still have dust all over me."

***Interstellar* out Wednesday on DVD and Blu-ray**

WENTWORTH

We can't get enough of this Aussie drama based on '80s TV classic *Prisoner* - but don't go in expecting LOLs like in *Orange Is The New Black*! The new season starts with a bang, exposing the ruthless world behind bars in a women's prison, as well as the lengths both the inmates and guards will go to in order to stay on top.

Season Three premieres Thursday 8.30pm on SoHo

Jess shows plenty of flare!

**Career

With A-list status
and hunky hubby
Ryan Reynolds,
Blake has it all!

The new mum returns to the big screen with a good old-fashioned romance

She hasn't made a movie in three years, but we can forgive Blake Lively – she's been kind of busy, getting married to Ryan Reynolds, starting her own lifestyle website Preserve and welcoming daughter James into the world last December!

But now she's back, in the epic love story *The Age Of Adaline*, playing a woman who is stuck at age 27 for eight decades and refuses to get close to any man – until a handsome stranger changes all that!

NW caught up with Blake, 27, to chat life, love, babies – and her own handsome man!

How would you describe *The Age Of Adaline*? To me, it's an exploration of love and time more than anything else. With time, comes multiple loves.

There's the love of a child and a mother and the love of your parents, the many loves of her life. Loving being young and loving growing old.

Adaline lives for a long time and learns a lot. Did it inspire you to learn something new?

I love how many languages she knows, and her ability to jump into any language at any point. That would be my super power.

What does it take to make you take on a role these days?

It has to be a movie that is more creatively fulfilling than the other things in my life – especially now that I've got a baby.

I started Preserve, which is incredibly creative and fulfilling, but it's also time consuming.

What made you want to start Preserve?

After *Gossip Girl* ended,

Blake IS BA

It's great to see Blake embrace a more mature role!

WHO'S THE hottie?

That would be **Michiel Huisman**, the Dutch actor who plays Ellis, the charismatic chap Blake's character Adaline finds herself falling for. And who can blame her! We've loved the handsome 33-year-old ever since he played bad-boy rocker Liam McGuinness in *Nashville* and Daenerys Targaryen's (**Emilia Clarke**) friend with benefits Daario Naharis in *Game Of Thrones*. Next up he'll be pashing Aussie **Teresa Palmer** in *2:22*. The dude sure gets around!

GAME OF THRONES

NASHVILLE

2:22

I wanted to spend time doing something else with my life other than acting. I wanted to enjoy my time with Ryan and focusing on other interests. I've always been interested in food and handicrafts because of my mum. If she was making Italian food, the music she was playing was old Italian music and she was dressed up in a way that was inspired by Italy. **You're also known for your amazing sense of style – did she inspire that, too?** Long before *Gossip Girl*, I was already interested in clothes and experimenting with different materials and how to mix and match different styles. My mum would even make outfits for me. She had done some modelling and then worked as an actress, and she often took me with her to all these wild vintage fashion shops. **You got hitched three years ago – are you still enjoying married life?** It's been wonderful. We like doing everything together. Ryan loves helping me choose things for the house, he's interested in all types of cuisine, and he says he loves everything I cook for him – he's such a good liar! We help each other when we're preparing our characters for a new film. It's great to be partners like that with someone you love.

STAR SPY

'I'll wipe the floor with you'

MR CLEAN

When acting gigs are hard to come by, **Jesse Tyler Ferguson** earns spare cash as a cleaner. No, really! The *Modern Family* star is filming a video of seasonal cleaning tips for the Asthma And Allergy Foundation Of America in New York.

'I don't think the vajazzling glue was dry yet'

DIRTY DANCING

Singers **Rita Ora** and **Charli XCX** are looking pretty NSFW as they bump and grind through their hit *Doing It* during Charli's headline gig at the O2 Shepherd's Bush Empire in London.

'Hendrix set fire to his, but I blew mine up!'

'I always thought this song needed a horn section'

'This tee really takes the focus off my camel toe'

'Your wearing horse? I'm telling PETA!'

SISTER TWISTER

It's all about promoting the family brand for this lot, which is why **Kourtney Kardashian**'s wearing a tee with a photo of her little sister **Kendall Jenner** riding a horse as she takes son **Mason** to a dance class in Woodland Hills, LA.

BOOKWORM CORNER

'Well, this is certainly a novel experience'

PAGE TURNERS

Sarah Jessica Parker is annoying **Tom Hanks** by laughing at her book while he's trying to watch the basketball at Madison Square Garden in New York. As for **Jennifer Lopez**, she's finally reading her own autobiography at a promo event in Mexico City.

'Honestly, you wouldn't read about it!'

'I don't remember writing it in Spanish...'

WAIT! there's MORE!

Because we know how much you love your gossip

HOW, ER, UNDIE-WHELMING!

We're more than a tiny bit jealous of James Corden – hey, wouldn't you want be that close to David Beckham when he's wearing nothing but his jocks? The new host of *The Late Late Show* stripped down with his mate Becks in a parody of the former football superstar's ad campaign for H&M. The spoof clip, which screened on James's show last week, is loaded with Blue Steels – and just a few love handles!

'So... who wore it best?'

In briefs

While Becks brought the sex appeal in spades, James brought the belly laughs.

'I'm trying to go to my happy place'

JIMMY

waxes lyrical

At least there was no face-melting guitar solo!

What do you get when Jimmy Fallon teams up with his Madame Tussauds wax likenesses? A Beach Boys tribute band! *The Tonight Show* host appeared in a hilarious skit with his waxy clones singing the band's classic tune *Barbara Ann*. It's kinda like One Direction – only way creepier!

"I find that I'm happiest when I'm comfortable in my favourite key items." Hey, that's shoebiz!
